Backend: Node.js, Express.js, RESTful APIs , C++
Databases: MongoDB, SQL
Authentication and Authorization: JWT, Bcrypt
Version Control: Git, GitHub
Developer Tools: VS Code, Postman
Others: Basic Excel, Ms Word

EXPERIENCE

CodeTech IT Solution Pvt. Ltd. **06/2026 – 08/2026**
Full Stack Trainee *Lucknow India*

- Developing full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Building RESTful APIs and integrating MongoDB for scalable data management and CRUD operations.
- Designing responsive user interfaces with React.js and improving application performance.

Techpile Technology Pvt. Ltd **Jun 2025 – Aug 2025**
MERN Stack Development Intern *Lucknow, India*

- Gained hands-on experience in full-stack development using MongoDB, Express.js, React, and Node.js (MERN stack).
- Implemented responsive UI, RESTful APIs, and state management using React and Context API.
- Implemented state management, side-effects, and reusable logic using React Hooks (useState, useEffect, useContext).
- Created responsive UI and dynamic components, integrating them with backend APIs to deliver full-stack features.
- Applied best practices in component-driven architecture, code reusability, and maintainable frontend design.
- Assisted in testing, debugging, and deployment of projects.

PROJECTS

ShopSmart Web Application | React, Node.js, Express.js, MongoDB

- Developed a full-stack e-commerce web application using the MERN stack
- Built responsive user and admin interfaces using React, HTML5, CSS3, and JavaScript
- Implemented secure authentication and role-based authorization using JWT
- Developed RESTful APIs with Node.js and Express.js, and integrated MongoDB using Mongoose
- Implemented product management, shopping cart, order management, and admin CRUD operations
- Connected the frontend and backend using Axios and REST APIs for efficient data exchange

Real-Estate Web | MERN STACK

- Implemented secure user authentication and authorization to protect user accounts and restricted features
- Designed a mobile-responsive interface with reusable React components and optimized state management
- Integrated Cloudinary for efficient property image upload and storage
- Implemented secure authentication and role-based authorization using JWT

EXTRACURRICULAR

Technical Activities

Certifications *06 – 2025*

- Completed MERN Stack Development Certification with hands-on projects using React.js, Node.js, Express.js, and MongoDB.
- Received appreciation certificates for Mern-Stack and full-stack development.
